Mark,

Thank you for your service yesterday. You showed up on time and did a great job and the price was what you quoted. The deck, the chairs, and the windows are spotless and look great. You even closed the gates and locked them back when you left. We appreciate that courtesy especially for the safety of our dog. We have had workers here in the past that left the gates open and, had we not have checked, our dog could have escaped.

Thanks again and God bless you, your family, and your business.
